SUBMISSION GUIDE

Economic Educator Excellence Award

This award recognizes teachers who have a sustained history of contribution and commitment to economic education.

An entry submission consists of two elements: letters of support and personal statement regarding leadership, professional growth and student achievement.

I. Letters of support

Please request two letters of support indicating the success or impact you have had on the learning of economics. Supporting letters can be provided by any of the following: current or past student, peer educator, educational administrator, curriculum specialist, parent, community/business leader, or a director of a Center for Economic Education.

Letters serve to document impact, commitment, achievement, leadership and/or contribution. Letters should be sent directly to the Minnesota Council on Economic Education at the address below.

II. Submit a written response to the following:

Leadership. Describe your efforts to enhance economics in your school=s curriculum or in your professional, business, or local community.

Professional Growth. Describe your professional development activities related to economic education.

Student Achievement. Describe or document your students= significant achievements or growth in their understanding of economics.

Award Criteria

In selecting the winning educator, judges will consider:

- Economic education leadership
- Sustained commitment to economic education
- Continuing preparation in economic education
- Contributions to students= intellectual growth

There will be one award recipient who will receive \$1,500.

Deadline

Please send your completed entry postmarked by **July 15, 2009** to:
